

ETP Nanomedicine Proposers Day 2010

Date: 12th April 2010

Location: NH Hotel Friedrichstrasse, Berlin

Draft Agenda

- 09:00 Registration of participants
- 10:00 Welcome Address from the ETP Nanomedicine – roadmap
- 10:20 Information on the upcoming call in FP7 – NMP
Heico Frima, Representative of European Commission
- 10:35 Information on the upcoming calls in FP7: Health – ICT
- 10:50 Information on the open call in ERA-NET EuroNanoMed
- 11:15 Elevator Pitch Part 1 (15 presentations in each session)
5 Minutes presentations of projects ideas (3 Slides)
2 Parallel sessions, topics to be defined
- 12:45 Lunch Break & Networking
- 14:00 Elevator Pitch Part 2 (15 presentations in each session)
5 Minutes presentations of projects ideas (3 Slides)
2 Parallel sessions, topics to be defined
- 15:30 Networking session
- 16:00 Conclusions

Additional Information to the event

Background: upcoming European calls

- **The 7th EU-Framework Programme – open calls in 2010**

The 7th Framework Programme for Research and Technological Development (FP7) is the EU's main instrument for supporting collaborative research, development and innovations in science, engineering and technology, providing funding to co-finance research, technological development and demonstration projects based on competitive calls and independent peer review of project proposals. Several calls for proposals relevant for the nanomedicine research and industry are planned to be published during the summer 2010 (Calls among others in the topics Health, Information and Communication Technologies (ICT), Nanosciences, Material and Production engineering (NMP)).

http://cordis.europa.eu/fp7/home_en.html

- **European Technology Platform Nanomedicine (ETP Nanomedicine)**

The European Technology Platform on Nanomedicine is an initiative led by industry and set up together with the European Commission. The initiative addresses the application of nanotechnologies to achieve breakthroughs in healthcare. The research priorities of ETP Nanomedicine are regenerative medicine, drug delivery, and nanotechnology-based diagnostics.

The ETP Nanomedicine aims at federating the nanomedicine community around a common understanding of the topic and to represent its voice by the European Commission.

- **ERA-NET EuroNanoMed**

The EuroNanoMed ERA-NET initiative comprises 24 partners from 18 countries/regions. It aims at fostering the competitiveness of European nanomedicine players through the support of trans-national collaborative and multidisciplinary Research and Technology Development (RTD) projects with participants from academia, clinical/public health communities, and industry (particularly small and medium-sized enterprises).

The second EuroNanoMed call for project proposals opened on 8th March 2010.
Submission date: 11th June 2010.

Venue

Address:

NH Hotel
Friedrichstrasse 96
10117 Berlin
Germany

URL: <http://www.nh-hotels.com/nh/en/hotels/germany/berlin/nh-berlin-friedrichstrasse.html?action=search&styp=defaul&fni=&fout=&nadults1=2&nchilds1=0&services=&maxPrice=&searchLauncher=home&stext>

Directions:

By car

The NH Berlin-Friedrichstrasse has a very central location, close to the famous "Unter den Linden" and it is easy to reach from all parts of the city.

By train

The NH Berlin-Friedrichstrasse is located in close proximity to the "Friedrichstrasse Station" (Regional Trains and Underground station).

From the airport

From Tegel Airport: TXL Bus to "Unter den Linden"
From Schönefeld: Regional Train to Friedrichstrasse Station

Accommodation

Participants in the proposers' day will benefit from a reduced rate for the accommodation in the NH Hotel (115 € single room, inclusive breakfast instead of 130 €). Please mention the keyword "NANOMEDICINE" when booking your room.

Fees

Participation in the ETP Nanomedicine Proposers' Day will be charged as follow:

- Member of the ETP Nanomedicine: 50 EUR incl. 19% VAT
- Non member of the ETP Nanomedicine: 100 EUR incl. 19% VAT

Registration

The registration form is available online, please visit:
