

Preliminary Announcement*

The 2nd Call for Proposals to be launched in March 2010

Following the success of the 1st Joint Transnational Call in 2009, in which 9.4 Million € were allocated to funding of research projects in imaging methods, drug delivery and regenerative nanomedicine, EuroNanoMed will launch its 2nd Joint Call for funding of transnational innovative research projects in Nanomedicine. The 2nd Call will be announced in March 2010, and submissions are due by June 2010.

Interested applicants are encouraged to initiate scientific contacts with potential project consortium partners for applications.
